### **Software Corporation International Appoints Anthony J. McCann Chief Information Officer**

**Charlotte, N.C., November 12, 2003---** Software Corporation International (SCI) announced today that Anthony J. McCann was appointed Chief Information Officer at the company's November 8, 2003, Board of Directors meeting in Charlotte, N.C.

Mr. McCann, 36, joined SCI in 2000 and most recently served as Chief Technology Officer for SCI's Financial Services and Item Processing Group, where he was responsible for the group's technology strategy and direction. In his new assignment, McCann will report to Thomas S. Rohrer, President, SCI.

"Tony has built an outstanding reputation for innovative thinking, sound counsel, and timely delivery," said Rohrer. "As CIO, he will be responsible for development of information technology strategies which support SCI's goals and objectives. With more than 16 years experience in technology design and development, Tony will be a key source for all IT expertise within SCI. I am confident that he will excel in his new role and provide benefits to our clients and employees."

Prior to joining SCI, Mr. McCann held various development and management positions with Unisys Corporation and Broadway & Seymour. McCann holds a BSBA degree with a concentration in Management Information Systems from Appalachian State University. He currently lives in Charlotte.

#### **About SCI**
